

The group was formed to promote the study, protection and conservation of bats, their roosts and habitats within the county of Gloucestershire.

It aims to:

1. To establish an educational platform providing advice, bat walks and talks for members of the public.
2. To provide opportunities for our membership to meet like-minded people and gain experience in bat-work. The latter will include the provision of outside speakers and practical field experience.
3. To undertake practical conservation work utilising the experience and enthusiasm of our membership to achieve our goals.
4. To raise funds to meet our other objectives, including the purchase of equipment, a contribution towards the prevention of bat crime and promote our educational aspirations.

Membership of the Gloucestershire Bat Group is open to anyone who supports the aims stated above.

No member is permitted to undertake any commercial bat surveys or advise on planning applications in the name of the Bat Group without the express written permission of the committee.

Declaration

I have read and am in sympathy with the Aims of the Gloucestershire Bat Group and agree to the above condition of membership
